

Reference Sensitive Pack — Sensitive Personal Information Declaration

This declaration collects sensitive information within the meaning of the Privacy Act 1988 (Cth) — including health information, medical history, and government-issued identifiers — for the purpose of a sensitive-circumstances assessment.

Ledger fixture: Reference Sensitive Pack (501 probe), version 2026.1. Jurisdiction: Australian federal (au-federal).

Minimal sensitive-classification probe. Workspaces pinned to this pack must receive 501 from the interview and coverage endpoints until sensitivity-driven routing ships. Not advice; not a real pack.

*Fields marked * are required.*

Probe

This section collects sensitive personal information, including health information and medical history. Answer only what is relevant to your circumstances.

What is your full name? *

As it appears on government-issued identity documents.

Anything else to note?

You may include health information, medical history, or other sensitive circumstances relevant to your application. Health information is sensitive information under the Privacy Act 1988 (Cth).

Do not enter real personal information: this is a synthetic reference fixture.
